

Name of the event: Expert talk on Employee Stock Options for Startups & its benefits

Date of the event: 11th October 2019

Class: All students

Summary of the event: One day workshop on “Employee Stock Options for Startups & its benefits” was arranged at our college by Mr. Ashfaque Aalam, Executive Director, Scilhouettez Pvt. Ltd, MIDC Waluj, Aurangabad. He explores the concept of start up right from origin and how to continue it. He say Startup India Hub is a one-stop platform for all stakeholders in the Startup ecosystem to interact amongst each other, exchange knowledge and form successful partnerships in a highly dynamic environment. Ashfaque Sir also given brief idea about how to become an entrepreneur and what are the ways to get avail benefit of government schemes. There were some success stories which sir discussed with some hands on exercises. In this expert talk all faculties of Electronics and telecommunication engineering department were present and get knowledge about how to develop an idea and how to startup and get benefit of Startup India schemes. The session was very interactive and knowledgeable. We all get benefited and upgraded.

Outcome:

- Due to this expert talk, we get updated regarding startup
- Students aware about startup schemes and basic requirement for the same.
- Confidence to make our idea as product & become an entrepreneur.

Expert / Guest of the event: Dr . D D Deshpande (lotus Business school, Pune)

Summary of the event:

The science of Data Analytics forms the basis for Business Analytics . Business analytics refers to the skills, technologies, practices for continuous iterative exploration and investigation of past business performance to gain insight and drive business planning. Business analytics focuses on developing new insights and understanding of business performance based on data and statistical methods.

11-01-2020

Name of the event: An Expert Talk on Recent Trends in Induction Motor , Lab Practice- Electrical Machines-II

Date of the event: 18/10/2019 & 19/10/2019

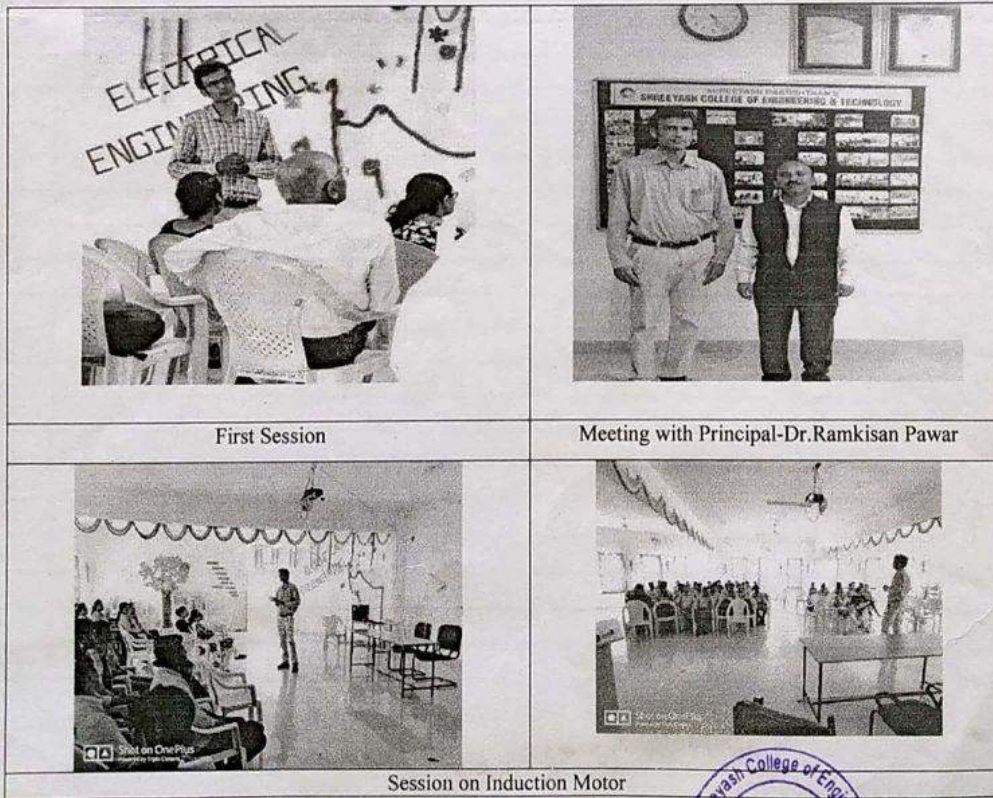

Class: TE & BE

Expert / Guest of the event: Prof.S.M.Chaudhari (HOD EE AISSMS Pune)

Summary of the event: Prof.S.M.Chaudhari has explained about Constructional Details, RMF, Torque equation, Applications, Animation RMF, Max. Torque Conditions, Numerical solving, Recent Trends discussion, Equivalent ck tog I.M, Numerical solving, Circle diagram theory, Plotting of circle diagram (Problem Solving), Concluding ceremony, Felicitation

Outcome: Students are able to understand Recent Trends in Induction Motor , Lab Practice- Electrical Machines-II

Photographs of the event:

Name of the event: S.S. Control Systems Private Limited MIDC Waluj,Aurangabad

Date of the event: 14/09/2019

Class: BE

Summary of the event: Mr.Ganghadar Sase &Mr. Sachin Jadhav Explain procedure involved in manufacturing of different control panels like LT Panel & MV Panel design & Fabrication of sheetmetal components ,TPP (Punching Machine), PLC control panel.

Outcome: Students are able to understand manufacturing of different control panels used in different industries for different appliances

Photographs of the event:

Name of the event: Expert Talk.

Date of the event: 28/09/2019

Class: BE, TE&SE

Expert / Guest of the event: Mr.Vasant Sonawane,Dy Executive Engineer,MSETCL,
Aurangabad

Summary of the event: Mr.Vasant Sonawane has explained about high voltage equipments used in substation like transformer, types of Circuit Breakers, Different types of section buses, bushings, Protection of equipment used in substations. He has also explained about the importance of Electrical Engineers in Maharashtra State Electricity Boards.

Outcome: Students are able to understand working of equipment used in substation and role of Substation in Electrical Transmission and Distribution.

Name of the event: Three days workshop on Communication skill and personality development in collaboration with Robicon

Date of the event: 7-9th August 2019

Class: SE,TE,BE

Summary of the event: Three days workshop on “Communication skill and personality development” in collaboration with Robicon was conducted in collaboration with Robicon at our college. There were two resource persons who conducted sessions for our SE, TE, BE students. Dr. Parvez Khan sir demonstrated and explains how to improve communication skill and also suggests some tricks for the same. Next day sir prepared students for presentation and students get courage and improved their stage performance. Last day sir conducted some exercises for practice and implementation practically. As the overall three days sessions were very interactive and informative for our students. After this students get capable to speak something in english with friends and faculties. They get stage courage and learn about how to prepare for interview. Finally, students get satisfied and given positive feedback also demand to conduct such sessions in next semester.

Outcome:

- Due to this workshop, students able to communicate and interact with each other
- Students get courage to present at stage.
- Confidence of students boosted and well know about interview preparation

Name of the event: Industry cell inauguration

Date of the event: 10th September 2019

Class: All Faculties

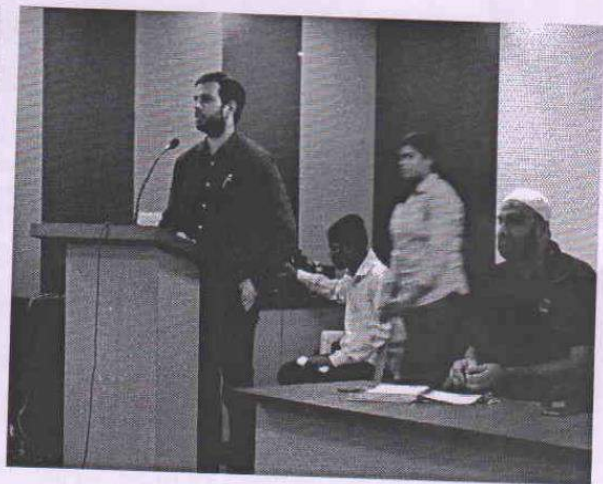

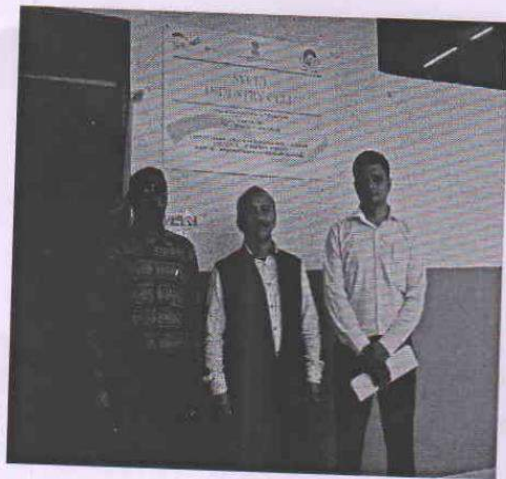

Summary of the event: Event was "Industry cell inauguration" in our department. We have established one industry cell in our college in association with GIZ and MASSIA. The cell is established in presence of GIZ Marathwada region head, Mr. Taswar Ali and Aurangabad region coordinator, Mr. Yogesh Tawde. For this event we call our chief guest to Mr. Ashfaque Aalam, Executive Director, Silhouette Pvt. Ltd., MIDC Waluj Aurangabad and Director A.K. Industries Mr. Khan were presents. Our Principal Dr. R.S.Pawar sir given some idea and importance of industry cell to students also appointed to Prof. A.N.Shaikh & Prof. Saad Siddiqui as our college faculty coordinator for GIZ based projects. Mr. Taswar Ali sir also explains the need of this cell and how to work with industry on live problems. He also suggests some ideas to students to go for startup and start a small business.

Outcome:

- This industry cell is beneficial for our college students who are working on GIZ projects
- Students also know about startup and government schemes
- We all get benefited and linked with industries
