

Shreeyash Pratishthan's Shreeyash College of Engineering & Technology, Aurangabad.

[An ISO-9001 : 2015, Certified Institute]
Approved by : AICTE, New Delhi, Recognised by : Govt. of Maharashtra & DTE, Mumbai.
Affiliated to : Dr. Babasaheb Ambedkar Marathwada University, Aurangabad.
Dr. Babasaheb Ambedkar Technological University, Lonere, Raigad.

7.3 Institutional Distinctiveness

Many faculty members have attended seminars, workshops, FDPs trainings etc.

Increasing internationalization in teaching is strongly supported by the Indian education sector and is considered vital for Indian institutions in developing India's capacity in research and innovation, driving up India's institutional ranking and increasing the quality of teaching and learning. Thus, enhancing the academic and intellectual environment in the institutions by providing faculty members with ample opportunities to pursue research and also to participate in seminars / conferences / workshops has become vital for developing nations like India. Higher education institutions are starting to adapt themselves and demand from students enrolled for skills.

In our college all departments of engineering aims in equipping faculty members with required skills and industry exposure to make the industry ready graduates. The aim of Faculty Development Program (FDP) is attaining sustainable development and achieving higher growth rates which can be enabled through creation, transmission and dissemination of knowledge. Our department faculty members are actively participating in FDPs, Seminars workshops / Short term courses etc. with high interest. Faculty members prefer to attend FDP, Seminar, and Workshop etc. at reputed institutes such as Aurangabad, Pune and Mumbai etc.

<p>Shreeyash College of Engineering & Technology Department of Electronics and Telecommunication Engineering</p> <p>Name of the event: Three days workshop on Communication skill and personality development in collaboration with Robicon.</p> <p>Date of the event: 7-9th August 2019</p> <p>Class: SE, TE, BE</p> <p>Summary of the event: Three days workshop on "Communication skill and personality development" in collaboration with Robicon was conducted in collaboration with Robicon at our college. There were two resource persons who conducted sessions for our SE, TE, BE students. Dr. Parvez Khan sir demonstrated and explains how to improve communication skill and also suggests some tricks for the same. Next day sir prepared students for presentation and students get courage and improved their stage performance. Last day sir conducted some exercises for practice and implementation practically. As the overall three days sessions were very interactive and informative for our students. After this students get capable to speak something in english with friends and faculties. They get stage courage and learn about how to prepare for interview. Finally, students get satisfied and given positive feedback also demand to conduct such sessions in next semester.</p> <p>Outcome:</p> <ul style="list-style-type: none">➤ Due to this workshop, students able to communicate and interact with each other➤ Students get courage to present at stage.➤ Confidence of students boosted and well know about interview preparation. <p>Photograph of the event</p>

Name of the event: One day workshop on Intellectual property and Patent filing

Date of the event: 7th September 2019

Class: All Faculty

Summary of the event: One day workshop on "Intellectual property and Patent filing" was arranged at our college by Dr. Rahul Kumar Hingole, Professor Mechanical engineering department, DY Patil College, Pune. He explore the concept of intellectual property right and brief about how to patent our ideas. Rahul Kumar sir also explains about trademark and copy right. In this workshop all faculties of Shreeyash Pratishthan were present and get knowledge about how to develop an idea and how to preserve and make product from idea. Sir also demonstrated about patent filing, he shows all the forms and procedures required for filing a patent. The session was very interactive and knowledgeable. We all got benefited and upgraded.

Outcome:

- > Due to this workshop, we able to file our idea as patent
- > We come to know about digital signature and copyright process
- > Confidence to make our idea as product & patent.

SANJEEV GROUP OF COMPANIES, one of the esteemed organization in the field of Automotive Industry, visited our college for Campus Drive Placement.

Modern V.R. Security Force India Pvt. Ltd. (MSF) MUMBAI, visited ours institute for campus drive placement of MBA professionals and selected 07 students of ours institute.

Our three students (1.Ganesh Pawar, 2.Samadhan Chikte & 3.Dattatraya Wayal) got selected in the campus drive placement of **VARROC ENGINEERING PVT. LTD.**

- *Industries from different fields for the better placement of students.*

In the present era, campus placement holds a great importance for students and educational institutes. While, it helps a student in building a strong foundation for the professional career ahead without facing the real-world job struggle, peer-competition or family pressure, a good placement record gives a competitive edge to an institute/ university in the education market.

Campus placements provide the students with a foot-in- the-door opportunity, enabling them to start off their career right after they have completed their course curriculum. Furthermore, they get to interact and engage with the industry professionals during the placement drives, which further help lay a foundation for their prospective career in the future as they familiarize with potential contacts from their chosen career field.

Placements have gradually become an integral part of an institute's offerings, which was not the scenario earlier. Nowadays, students pay special attention to placement records while selecting a college or university for the admission. And it is rightly so, if a student is paying huge amount of parents' hard-earned money as fees to the institutes/universities, he/she has the right to calculate the rOi (return on investment), which in this case is a lucrative job. Our institute has focus on bridging the gap between the right candidate and the right job. We focus on placing the candidates who are ready and eligible for the role.

• College teams were donating the foods packages to those who needed in Covid period under public and social relation department.

The fight against the corona pandemic is a major challenge for the world. The situation for people in poor, heavily populated or war-torn countries has become increasingly difficult: Many people are losing their jobs; families are without food and there is no end in sight. . For this reason our college decided to donate some food packages to poor people surrounded by our campus.
